#### Announcement-State Senator.

We are authorized to announce Hon. THOS. D. FERGUSON as a candidate for State Senator of the 24th Senatorial District -subject to the decision of the Democratic Senatorial Convention.

#### OUR PLATFORM.

Unalterable opposition to the policy of Public Favoritism to Private Industries by Tariff Taxation-commonly called the Republican Policy of Protection.

The Williamsville Transcript is again on deck, sprightly as ever.

The Southeast Missouri Medical Association is in session in Charleston this week.

Hon. Marshall Arnold, of Scott, has announced himself a candidate for Congress from the 14th district.

What can it mean-all these strikes and discontents? Have we not a blessed Home Market, and does not the Great American System of Protection sit enthroned over all?

The new Merchants Bridge across the Mississippi was formally opened the 3d inst., with imposing ceremonies, in which the citizens of Missouri and Illinois "pooled their issues" in the interest of freer intercourse.

Do the Chandler strikers believe the people will take kindly to their purpose of drowning Vest through the influence of the railroads? Yet some of the men who are just now so solicitous about "rotation in office" have mad their boast they will be backed by "the whole Gould System."

The Ironton REGISTER thinks this Dis trict ought to keep Jim Walker in Congres until he succeeds in passing his Income Ta Bill. The Democrat fears the ability of the Fourteenth to go without representation

that long .- Charleston Democrat. While not admitting that the 14th District is without a good representa tive, we beg leave to suggest that n representation is better than misrep resentation-and the 14th is not be yond the danger-line.

Judging from his recent remarks in approval of the finding of the U. S. Supreme Court in the Nagle case, Bro Joseph Ernst, of St. Genevieve Herald knows little of the principles of constitutional government. It is the fir time in the history of this count that it has been held that the killing of a citizen in a sovereign State cou be punished through any other meathan the laws of that State. It is mighty bad precedent.

The High-Tariffites hold that cause female labor is employed the production of tin in Europe, the fore Protection ought to be given the manufacture of tin in this count -although not a pound of the artic is made here. They forget or igno the thousands of American wom wearing their lives away in the fact ies and workshops in this country the advantage of whose cheap lab the monopolists and plutocrats ha never refused. They want cheap lab production only when it profits the

## For State Senator.

Hon. Thos. D. Ferguson, of Butle county, announces himself a cand date for State Senator from the 24t district, subject to the decision of th Democratic convention. Mr. Fergu son has filled places of trust, and a ways with credit to himself and hor or to his party. He possesses the Je fersonian qualifications: is hones faithful and capable. His knowledg of the district, its people, and the needs, renders him especially capable to fill the office acceptably and to good purpose for his constituents. We unqualifiedly commend him to the good graces of the sovereign Democrats of the 24th district. He is a good man and a square Democrat.

## The Same old Party.

First, counting a quorum in the House of Representatives by arbitrary and unconstitutional process, as a preliminary to serious

Secondly, counting in Republicans and counting out Democrats honestly elected as members of the House, in order to strengther a majority rather too slender and shaky on its pins for desperate deeds.

Thirdly, counting in Republican senators from the Democratic State of Montana to in crease the narrow margin of Republican con

Fourthly, counting in new States exclusively for the outrageous purpose of fastening Republican control upon the Senate, and in creasing the electoral vote for the next Re publican candidate for President.

The programme is well studied. The per formers are all able and audacious. It seems to be the same Republican party as o old .- New York Sun.

Yes, it's "the same old party"-the party of test-oaths, disfranchisment fraudulent registrations, fraudulent returns, and Count Rodmans. Yet Its sneaking advocates, who have crept Benton & Edgar L Z Wheatland into the Alliance, Wheel, etc., have the cheek to attempt to seduce from allegiance to the Democratic party the petition stricken out; answer filed and convery men they were went to curse, disfranchise and steal from! If there is a Democratic member of any of these organizations who is fool enough to listen to the voice of such a charmer | Gibson et al | Billing y et al | let him go: he evidently likes being ...... C H Vanston trampled underfoot, and takes to being kicked, cuffed and robbed of his birthright, as the sick kitten seeks the | Nalle & Raney | S E Bates hot chimney-jamb.

worse under their care, and everybody expected he would die. I had heard of the remarkable cures effected by Ayer's Sarsaparilla, and decided to have my boy try it. Shortly after he began to take this medicine the plears com-

"In May last, my youngest child, fourteen months old, began to have sores gather on its head and body. We applied various simple remedies without

avail. The sores increased in number and discharged copiously. A physician was called, but the sores continued to

multiply until in a few months they nearly covered the child's head and body.

At last we began the use of Ayer's Sar-saparilla. In a few days a marked change for the better was manifest. The

sores assumed a more healthy condition,

the discharges were gradually dimin-ished, and finally ceased altogether. The child is livelier, its skin is fresher,

and its appetite better than we have ob-served for months."-Frank M. Griffin,
